UNITED STATES INTELLIGENCE BOARD
COMMITTEE ON DOCUMENTATION

MEMORANDUM FOR: Members, Committee on Documentation

SUBJECT: Contract Personnel

1. As you know, CODIB has now established policy in several problem areas designed to make intelligence information more readily available, but still maintain the necessary controls.
2. There is another area which is troublesome and which has not yet been reviewed. Question: to what extent should the contract personnel of one agency have direct access to the information files of another agency, and under what circumstances?
3. At our January meeting, I want to explore the desirability of establishing a community policy to deal with this question. Members are requested to be prepared to brief the CODIB on the policies and procedures governing the control of contract personnel given access to information within their own organizations.
